FC211.23 Community Market

To Bar Hill Parish Council

From Bar Hill Community Market

Dated 4th August 2023

We would like to ask permission to put 1 or 2 vans in front of your office on a market day as we are hoping to source a fresh produce vendor at the least. We would not at this point require any electricity from you but do ask that we could use the entrance through Tesco car park that you use on a Christmas Tree event day. As we understand this requires cones being placed on 2 car park spaces early in the day.

Our market dates for the rest of the year are:

Saturday 7th October 2023

Saturday 25 November with the Christmas Tree Event

We do hope that this permission will be on a permanent basis for every market day this year and beyond, and will ensure that market dates are given to you well in advance of the actual days.

With thanks Karen Austen and Adrienne Sharman
